## **FAIRY BALLET**

A chance to try your first ballet class and dance like a princess. This is a great introduction to RAD Ballet, to learn all the ballet foundation steps. Make sure you dress in your favourite fairy costume.

## **MOVERS & SHAKERS**

This is a taster for our pre-junior classes incorporating jazz, hip hop, musical theatre and singing.

## **SINGING WITH NIKKI**

Come meet Nikki and learn the skills to achieve multi-platinum albums and chart topping singles.

## **CERTIFICATE I, II AND III IN DANCE**

Come and learn how any high school student can use their regular dance classes to receive nationally recognised qualifications.

## **JAZZ / FUNK**

Jazz with a funky flavour, this high-energy class is designed to give the dancer control, increased flexibility and musicality. Correct technique is stressed as you learn basic jazz while having fun with the latest hip moves.

## **LYRICAL / CONTEMPORARY**

A modern form of dance, combining Ballet and Classical Jazz. Contemporary dance focuses on the principles of centering, alignment, gravity, breath, contraction, release, fall, recovery and extension as well as balance and off-balance, tension and relaxation, opposition and emotion.

## **RAD BALLET**

Ballet is considered the foundation of artistic dance and Royal Academy of Dance Ballet is the pinnacle of all Ballet forms. This class challenges dancers to use motion to interpret music and express emotion. The meticulous attention to technical detail makes it invaluable for any serious dancer. Ballet is a wonderful opportunity for the dancer to express oneself and the meaning of the music through dance.

## **MUSICAL THEATRE**

Development Program Focusing on the latest musicals and hit Broadway productions, classes include singing and dancing and are available from beginners to advanced. Audition for the development program and train to become a featured performer, learning the skills to prepare for professional auditions.

## **CHEERLEADING**

We offer a program of traditional American Style Cheerleading. Classes teach all the fundamentals such as stunts, tumbles, cheer, chants, dance and pom. Cheerleading develops teamwork and sportsmanship.

## **SILKS / LYRA**

Silks, also called Fabric or Tissu, allows you to learn to climb, invert in the air and hang upside down. As you increase strength, learn sequences, drops, slides and flips with style and grace. Lyra, also called Hoop, is a steel hung ring that you learn poses on and above. When more advanced, learn to spin and execute skills.

## **HIP HOP**

Classes are packed with high-energy routines and combinations containing both smooth and fast dance moves. Think popping, locking and grounded choreography that is up to date with the current trends and styles in the commercial dance scene.

## **TAP**

Loud, fun and rhythmical, we offer challenging classes for beginners or the more advanced. Students are taught technical based exercises, co-ordination and style. Our classes are structured around the Glenwood syllabus.

## **ACROBATICS & CIRCUS**

Come and try your hand at flipping, flying and circus tricks. Our acro classes are structured around the acrobatic arts syllabus which enables students to use acrobatic movement on normal flooring within dance and performance.

## **CIRCUS SKILLS**

Classes focus purely on acrobatics and circus tumbling combinations. While open to all levels, it is preferred that you attend an acrobatics class to gain the required skills to accomplish advanced tumbling sequences.
